A-Levels
Mesaieed International School

📅 Aug 2019 — Jun 2020   📍 Mesaieed, QA

Interests

- Computer Security
- Embedded Systems
- Blockchain
- Self-hosting and digital privacy
- Cloud computing

Projects

Slick IRC

A simple Internet Relay Chat client built for my course project. It supports modern IRC servers and has the ability to interact with multiple channels and supports the standard set of IRC commands. Written in python.

AI malaria detection

Created a simple artificial intelligence which diagnosed malaria. Written in python.

Docker homeserver

My Docker compose files for my personal home server. Services include Gitea, Media server, Mailserver, Nginx, DNS server and Wireguard VPN

Skills

Programming
- Python
- C
- Bash
- SML
- Latex

Technologies
- Git
- Docker
- Linux
- NGINX
- Microsoft Office

Soft Skills
- Communication
- Collaboration
- Time-management
- Coordination
- Problem Solving

Communication
Native proficiency: English
